PHOTOGRAPHY

HOW ARE YOU GOING TO USE YOUR IMAGES?

Here at Diana Baker Photography, I believe your family is a love story - one to be celebrated with custom imagery. I always begin working with every family with the end product in mind.

Starting the portrait process means looking at what the end result will be, first.

Where do you plan to display your portraits?

What does your home design look like?

How can your displays evolve over the next few years as your family changes?

Who do you want to give gifts to?

Asking these questions at the start always results in an incredible session that gives you exactly what you dreamed of: a printed photographic treasure that reminds you every day of how truly blessed you are to have this beautiful little person in your life.

Payment Process: Your session fee of £149 is due at the time of booking, securing your spot for 2 weeks before and 2 weeks after your due date. Your Package Payment is due at your viewing appointment, typically 2 weeks after your newborn session.

Please Note: As our products are bespoke and commissioned by you, and cannot be resold, all sales are final with no refunds

PLOT YOUR PLAN

This technique for planning your walls before any photos are taken helps you plan stunning layouts that will be enhanced by the final images. I encourage all my clients to bring with them a photo of the room with their layouts on the wall (like the photo below) as this instantly gives me an understanding of their goals.

Included in your welcome pack are Kraft paper cut-outs of the different sized framed portraits available in my package options:

- 20"x30" best for high ceilings
- 20"x16" most popular for the lounge
- 3x 10"x12" best for hallways

Don't forget also to think about side tables, my 5"x7" prints are perfect for these areas, as well as gifts. Top Tip: Start making a list of names & addresses of who you want to send thank you/welcome cards to, while you have the time before baby gets here!
